

May 15, 2022 - Highlights

Shalom Family,

Thought I would give a brief summary of this past week's discussion highlights:

Hopefully, you are able to see the **Total Lunar Eclipse**...it is occurring as I type this update. I went out earlier, however, it is raining and cloudy. I am hoping after I finish this, that I will be able to get a glimpse. The Eclipse is expected to last approximately 5 hours; the time varies depending upon your location. The Heavens speak to us and give us signs of the times. If you, like most of us, have not paid attention, please start looking up!

Update on the Ananana: there are a host of testimonies of the Ananana, performing in the excellence of her purpose! This is so awesome sauce for so many family members! The blessing of debt cancellation and unexpected flowers allow for the Chosen to be able to be at peace. We are coming to understand that our energy as a Nation matters. During this season of unrest and tribulation, TMH has set His Chosen apart and is providing for us, allowing us to be at peace as we observe Esau's trouble. As Brother Big Levi always says at the end of prayer, "be at peace". Well, the spirit of royalty in Ananana, is moving Yashar'el/Israel in the right direction of peace...be still!

Deer Antlers; have you all received your antlers yet? I ordered mine, however, they gave themselves most of the month for shipment. Can't wait to get this antidote for all poisons. One never knows. Plus remember it is excellent to accelerate healing. If you've had the opportunity to follow through on this experiment; let us know!

Virgin Parchment Paper: Don't forget to order your virgin parchment paper. I will follow up with some specifics regarding this. However, remember that the purpose of parchment paper is to hold and keep the knowledge given for generation to generation. It has the power to direct history; plus, it is what the scrolls and other ancient writings are preserved. Make sure it is authentically, sheep or animal paper.

Core Cleansing: Look out for an article discussion regarding the Core Cleansing.

Health Care: Ladies & Gentlemen, you must stop deforesting! The Forest was designed by Our Father, The Creator to keep microorganism from entering your portals. There is a reason why Yashar'el is so fertile. However, here lately, as we continue to assimilate to gentile behaviors, we have been plagued with unknown medical conditions; such as fibroids, prostate and other cervical cancers.

Ladies, you should also, always allow air to circulate through your forest. Hence, you should go to bed without undergarments so that your body can breathe. As a young girl my grandmother advised me of this, and I have lived my entire life following this advice of my grandmother, (may she rest in power). I have never had fibroids and I had a yeast infection, one time, when I decided to get satin sheets. Got rid of those sheets, and never again. Thus, I really appreciate Brother Big Levi's code language and courage on this excellent advice.

Study Tools: Always have a white candle lit when seeking spiritual guidance as you want to be guided by the light! When you are not using the candle, wrap it in a silk scarf.

Birthstone: Find what is your birthstone; and if possible get your birthstone. Future information coming that will assist you in harnessing energy.

Matches: When you strike the match away from you, you pray and ask that all negative energy would leave you. When striking the match towards you, you pray that positive energy will flow your way.

Stop eating sweets, try dates, they're super sweet and super healthy!

Lime and Citrus can captures negative or bad energy, similar to the Ananana.

Be well Zion/Tsyion
