

The Hexagram of the Star of David & Solomon

All prayers to the **AGLA** please increase our wisdom, enhance our third eye and guide us unto all righteousness; while protecting and keeping Zion. Help us to operate at the highest frequency possible and we pray that we are and will continue to be the apple of your eye!

AYADOTO NATZIYE

Shabbat Shalom Family:

The above picture is The Hexagram of Solomon, (page 59) with the additional information that Brother Big Levi shared last month at the beginning of our Growth Work assignments. This information can be found in "The Three Magical Books of Solomon: The Testament of Solomon & His Greater & Lesser Keys in One Volume. By Aleister Crowley, S.L. MacGrego Mathers & F.C. Conybear

This star of David is a holy emblem that is intended to enlighten and protect Yashar'el/Zion. The Top triangle represents Heaven: Gain, Knowledge & Power. The lower triangle represents Earth: Wisdom, Love & Will.

AGLA is the Tetragrammaton, for The Most High. Brother Abdoula Seer explained this in a video a week or so ago. And the Phrase under the prayer AYADOTO NATZIYE is a call for protection from the angels.

Remember that parchment paper is recommended for holy communications with the angels!
