

Shalawam Family;

I hope you are able to retrieve this chart during the movement in the Cosmos. June 22 - 25, 2022! The Heavens are in perfect alignment for the power of our prayers to be magnified and answered in abundance. This is the time which Malachi 3 refers, to the opening of the windows of heaven and pouring out a blessing more than which you are able to receive! APTTMH! This is our season of redemption, healing, restoration and glorification to Our Heavenly Father, The Most High Over Everything....TMHOE!

Shout out to the sister or brethren that completed the Planetary Wisdom Chart. I used that as my basis, as it aligned with the information brought out in the book of "The Keys of Solomon", as well as the information which Big Judah brought out in the book "777". Thawada for that! I was in the process of creating a chart last evening when Brother Big Levi asked; however, I was desirous for my own personal edification to know each Angels characteristic and purpose, if you will; so as to know not only when to pray, and what Angels to address, but also, what to pray for in each hour. I do hope that grace abounds, as I pulled this together based upon the two previously stated books, but also the Kaballah and the Zohar. A few of the Angels names are different, thus, I crossed referenced as many sources as I was able to determine the "Prayer Focus". I do hope this will be helpful in directing what to pray for in each hour as we are learning that each hour has not only a name, but an Angel and Planet assigned. Thus, lets do our best over the next 48 hours to have the blessings of TMH come pour out all over Yasharel/Zion/The Nation!

No Power before Our Power! May The King Reign Forever/ MTKRF!
