

To cure Genital Herpes

You will need

4 Papaya Roots

4 Leaves of Senna alata, It is also known as emperor's candlesticks, candle bush, candelabra bush, Christmas candles, empress candle plant, ringworm shrub, or candletree.

3 Aloe Vera stems

10 yellow key lime or yellow lime

5 liters of water or 1 gallon and a half.

Light up your candle because we are the child of the light we do not work in darkness. Activate the 4 corners of the universe. Activate the ingredients by commanding them to perform your bidding.

Boil the water, cut the yellow key lime in half, put it in the pot, put on everything else and let it boil for 30 minutes.

Now drink it hot, not super hot but warm enough to feel it.

Drink 2 cup 3 times a day for 30 days. Then the genital herpes should be healed.
