Cleanse 2

The Corner bath

Before you begin this you must find a location where you will not pass for at least 8 days, this cleanse **CANNOT BE DONE IN YOUR BATHROOM**. It must be done in a corner where you will not cross it like when you are going into your bathtub to shower or bathe. We suggest that you use a hotel motel or a location you know for a fact you won't be able to pass there for at least 8 days or better yet never.

The key element in this cleanse is your own urine, your pee just to be blunt, you might want to drink plenty of water the night before the bath in the morning you are going to use this pee to bathe.

You will need old clothes, and new or clean clothes because you will need to throw away your old clothes before taking the bath put them in a bag after you done go throw it far away if you are in a hotel just throw them in the trash and

leave remember not to look behind you until you cross the threshold of your home.

You must do it early in the morning before sunrise around 5:00 am. DO NOT TALK TO ANYONE avoid talking to people, if you have the opportunity to do it at your home choose a corner in your backyard to do it, go on naked, absolutely nude, zero clothes. Once you are done taking the bath go inside your house DO NOT BATH FOR THE ENTIRE DAY UNTIL TOMORROW.

Ingredients Needed:

Your own urine the one from the night before it could be a bottle but the more the better

7 Key Limes

1 Handful of salt (any salts)

Take the urine remember use your own urine DO NOT GO IN PUBLIC RESTROOM TO SCOOP UP OTHER PEOPLE URINE hey man you know our people you gotta tell them.

Cut the key limes in half and put it on the bathing pan, cut the aloe vera and removed the side spikes that are on them and drop it in the pan or bucket, add the salt and the Tansy leaves aka sleeping beauty or shame old lady, pour in the urine and add some water enough for you to take a bath mix them very well.

Take off your clothes if you have any, put them in a bag before you shower if you can come in your own backyard naked and leave your clothes inside that would be the best but if not removed beforehand, make them ready to pre dispose.

Start bathing while doing so speak it off of you everything that has been done unto you must be removed, tell them to get off of you whether they were send friends family members or strangers wherever they came from speak it off of you.

By the 7 Magi of Egypt's name, may bullets and ammunition have no effect on me.

By the 7 Magi of Egypt's name. When my enemies behold me, may great horrible and terrible fear come upon their loins and make them tremble with exceedingly great shaking so that they come kneeling twice at my feet.

By the 7 Magi of Egypt's name. May superstition and malevolent curses have no effect on me. Selah Selah Selah.
