

## Fire Ant Hill Experiment

Warning and Caution: This experiment must be undertaken with the utmost caution and care. Do this at your own risk and know that you are FULLY responsible to righteously perform this operation, keeping in mind that everything that is done cannot be taken back or reversed. This operation serves to shut the mouths of your enemies and gives unto them something to keep them busy.

### Ingredients Needed:

- One piece of parchment or consecrated white paper (cut in half)
  - A Fire Ant Hill (see below if you cannot find one)
    - 1 Meal (preferably a meal with sauce)
  - A White Candle (because we do not work in darkness)
- A consecrated red pen, or a consecrated writing tool with consecrated red ink

### Instructions:

\*Before this operation is undertaken, be sure to purify yourself with blessed water and salt that you have consecrated. After you have purified yourself, put on a clean white garment.

1. Eat dinner on a plate and make sure you reserve a moderate amount of sauce left over.
2. Take your white candle and light it up (DIAH+ NIAH+ ZIAH+ FIAT+ LUX)
3. Open up the Four Quarters of the Universe by calling upon the Four Great Intelligences and ask them for passage and authorization.
4. After you are done eating, take your half sheet of consecrated parchment or white paper and write down the name of your enemy/enemies SEVEN TIMES (I wrote down "To All Mine Enemies" or "ZANANA KOU PENGWEN")
5. I spoke aloud the phrase "*ZANANA KOU PENGWEN*" after I got done writing.
6. Crumble the paper into a ball and wipe your plate clean – soak up the sauce well.
7. Go out to where the ant hill is located with your lit white candle in hand. Take a stick and poke it into the ant hill to wake up the ants and say, "*To you, O evildoer, You who persecute me, I drop you here and leave you here, forever.*" Drop the paper in there and if you can, use the stick to stuff it into the hill so it is buried or partially buried.
8. DO NOT LOOK BACK until you have safely crossed the threshold of your doorstep.

\*\*\* If you cannot find access to a fire ant hill, please send an e-mail to [lightwarrior8k@gmail.com](mailto:lightwarrior8k@gmail.com) and I will personally assist you. I will e-mail you with instructions on how you can send the parchment to me via postal mail. There will be a small fee of 50 Flowers to have this operation done for you. I have performed this operation personally and have had great success with it.

All due praise, glory and honor be to the Mighty One, the Master of the Universe!
