

Grand Rising Jacob!

Well, what a marvelous time we are living! So much knowledge being disseminated that it is thrilling, but also very hard to keep up! As I left off in part one, I had whirlwind travels this month, with the expressed intention of being home prior to the movements in the Heavens. My travels began with a marvelous girls vacation in Destin Florida. The sand on this beach was whiter (like the residents) and more fine than I have ever experienced. The sand, almost looked like salt from a distance. The water was surprising clean and blue. I hadn't had a chance to commune with Sarahel/Ocean since I have learned about the Eekdeshoi. so for me, that made the whole trip worth it!! The second leg of my trip, was spent in Sandusky Florida. My bestie from college, Pam, drove up from Orlando and spent a day/night with me. The third leg of my trip, I went to Houston to check in on my mother.

I don't think I have ever shared that my mother has Alzheimer's; and now requires 24 hour care and as such, is in a memory care facility. Thus, this part of the trip was spent communicating with the staff, scheduling appointments and shopping, as my mother had outgrown all of her clothes.; so I ran the whole time doing my best to make sure that all her needs and likes were provided. Lastly, after returning home, I drove to Michigan to see my son, and watch him win a middle-light weight boxing championship. I am non to thrilled to see him participate in such a brutish sport, but he seems content, and the sport allows him to mentor young men, which I know is his call and gift.

As we discussed in part 1, there will be four rare astrological events for the Fall of 2022, the first being on Saturday, October 22nd with the Venus' Sun Superior Conjunction. The next, occurring on yesterday, Tuesday, October 25th, a partial solar eclipse. Another major event, which I am just learning and has an array of discrepancy around its actual date, is the opening of the portal of The Lions Gate. The last major event will be a total lunar eclipse occurring on November 8th.

Let me first address the Lions Gate portal and its discrepancies. In general, the controversy is due to the variances in the calendars that we observe. The Gentiles observe the Gregorian calendar, while our Nation observed the Enoch/Adahiel calendar. The Gregorian calendar beginning the new year January 1st and the Enoch calendar, beginning the year on the spring equinox. I have done an extensive amount of research and study, confirming that at least for the past 3 years, that the spring equinox/ the new year is March 17th. Not all of Yashar'el agrees on this exact date, but all agree that it begins in the spring.

Agreement is a bit hard to ascertain, when we are all still being downloaded and exposed to information that is new to us, but is actually ancient. Thus, I spent a significant amount of time attempting to find some concrete information on the Lions Gate. Unfortunately, almost all of the information on the internet follows the Gregorian calendar, thus, utilizing August 8th and the aligning of the constellations based upon Leo. Well, we know that the true 8th month is October. Based upon my calculations and research, the 8th month + the 8th day, is 10/23/22. Sister Pat from Spiritualite Passing Thru, states that the Lions Gate opened in conjunction with the solar eclipse, which is 10/25/22. She further explained that the portal will remain open through November 8th, which is the day for the total lunar eclipse. And then Brother Abdoula Seer stated that 10/31/22 is the actual Lions Gate Date. These date variances may one day be resolved, as we continue learning our ancestral traditions. However, even within this small date variances, we are still in agreement; as all of our dates cross over. Thus, what is ultimately important, is that we overstand what is the Lions Gate Portal and how do we tap into its energies.

The significance of the Lions Gate ties to numerology, specifically the number eight. "Eight is considered one of the luckiest numbers in numerology and is believed to bring good fortune. This day has a lot of auspicious energy because it falls on the eighth day of the 8th month. Visually, an 8 is also literally an infinity sign turned upright, which represents the infinite - an ebb and flow, the growth and contraction that is woven into life itself. The day 8/8 blends astrology and numerology together in a synergistic and interesting way adding another layer to this mystical portal." This day is considered to be one of the luckiest days ever. I once viewed luck in a negative light, but after learning about our Irish past, and meditating on the precept of luck, I was referred back to Ecclesiastes 9: 11, which speaks how chance/luck, happens to us all. As such, I truly believe that we should garner the forces of positive luck and new beginnings. "Within numerology—in which individual numbers have huge significance—the number 8 represents wealth, abundance, luck, and good vibes. And when turned on its side, 8 represents the symbol for infinity."

Moreover, the Lions Gate is believed by all to be a portal. "The Lion's Gate Portal is a unique phenomenon that occurs once a year..... It is often described as being like a tunnel or gateway through space and time, connecting us with ancient wisdom. For many, it represents a portal that connects us to our inner self, spirit guides, ancestors, the divine and spiritual realms. In addition to the spiritual benefits, there are practical applications for the Lion's Gate such as increasing productivity, creative energy, abundance, and healing." It is clear to see why the gentiles wouldn't want us to know about this portal date. Therefore, I would encourage us all to prepare mentally, emotionally and physically for this portal opening and access all the forces and powers it has to offer.

If we go with sister Pat's understanding, the cosmos has opened up the portal of blessing for Jacob; while at the same day/time; having a solar eclipse, which exacts karmic judgement for past deeds for the Gentiles. In other words, the Lions Gate opened the same day that the partial lunar eclipse occurred. "A solar eclipse occurs when the moon "eclipses" the sun. This means that the moon/Emethiel, as it orbits the Mother Earth, comes in between the sun and the Earth, thereby blocking the sun and preventing any sunlight from reaching us. Partial solar eclipse: The moon blocks the sun, but only partially."

So, what does this solar eclipse mean spiritually? Based upon what I have gleaned the solar eclipse is prophecy being fulfilled. The prophecies which most of us have been observing occurring, embracing and praying is the switching of trouble from Jacob to Esau. These celestial events are affirmations of this turning point. What I found most interesting is that the gentiles astrologers agree with the Biblical prophecies. Astrologer, Elizabeth Gulino says, "This month, we've been gifted with a new moon partial solar eclipse in Scorpio on October 25, and it's here to shake things up." Another senior astrologer for astrology.com states that karma will be occurring. "energy of this eclipse is extremely interesting. "This new moon solar eclipse carries incredible energy, bringing the power of three new moons in one," she says. "Mars, the ruler of Scorpio, is turning retrograde only five days after this event, instigating karmic adjustments from the past will take place." Yet another astrologer, Stephanie Campos says, "A solar eclipse is a supercharged version of a new moon that often brings an element of fate. They speed up timeliness and bring about destined events, and often coincide with major turning points in our life." Astrologer, Iva Naskova, "says that the partial eclipse is happening on the Lunar South Node, which symbolizes our karmic past." Well, there you go! Karma, fate, retribution, judgement, restoration, is all happening...that which the scriptures prophesied will be manifested, specifically on yesterday Tuesday, October 25th, with the partial eclipse during a new moon.

As I read through my prophecy notes and other texts, I couldn't help feeling how much of a deep sleep (Tardemah) I must have been all these years to not have tied astrological phenomenons with Scripture. Reading our Book now, it seems so clear that Astrology and

Astronomy are intricate parts of our spiritual journey. Thus, the Heavens not only tells Our story, the Heavens prove prophecy true as well as directs us on future events; if only, we will study to show ourselves approved. And as we increase and apply our knowledge of the firmaments, the scriptures and our righteous traditions; prophecy will continue coming to pass.

A very familiar prophecy amongst Yashar'el is Joel chapter 2. Brother Big Judah, references this text frequently. Well, I was led to this text and lo and behold, there are multiple references to the Stars/Rachaphiel, the Sun/Oriel and the Moon/Emethiel.

“A day of darkness and of gloominess, a day of clouds and of thick darkness” (Joel 2:2)
“The earth shall quake before them; the heavens shall tremble; the sun and the moon shall be dark, and the stars shall withdraw their shining. And YAHUAH shall utter his voice before his army; for his camp is very great; for He is strong that executes His word: for the day of YAHUAH is great and very terrible; and who can abide it? (Joel 2:10 - 11)
“And I will show wonders in the heavens and in the earth, blood, and fire, and pillars of smoke. The sun shall be turned to darkness, and the moon into blood, before the great and terrible day of YAHUAH come. (Joel 2:30 - 31)

Note that all of these occurrences of the heavens are happening simultaneously with the restoration of Yashar'el/Jacob:

“Fear not, O land; be glad and rejoice: for YAHUAH will do great things. Be not afraid, ye beasts of the field: for the pastures of the wilderness do spring, for the trees bear their fruit, the fig tree and the vine do yield their strength. And the children of Tyson, rejoice and be glad in YAHUAH ELOHAKEM, because he give to us the righteous teaching which descends on us like a teaching rain and a latter rain in the first of the year. And the floors shall be full of wheat, and the fats shall overflow with wine and oil. And I will restore to you the year that the locust has eaten, the cankerworm and the caterpillar, and the palmerworm, my great army which I sent among you. And ye shall eat in plenty, and be satisfied, and praise the name of YAHUAH ELOHAYKEM, that has dealt wondrously with you and my people shall never be ashamed. (Joel 2: 21-27)

See the alignment, the crossover of events occurring at the same time in scripture as it is occurring right now; in the heavens and here on earth! So, Tsyion/Zion, keep doing what you are doing! Keep fasting and praying as we have been doing. Continue working on our selves, our inner self, our heart and being truly honest with why we do what we do. BBL tells us to know our dark side, our demon. Sister Pat, calls this entity Sammie. The scriptures tell us to render our hearts to the Father. “Therefore also now, says YAHUAH, turn ye even to me with all your heart with fasting and with weeping and with mourning. And rend your heart and not your garments, and turn to EL-YAHUAH ELOHAYKEM: for He is gracious and merciful, slow to anger, and of great kindness and repents of the evil.”

I can also personally attest of many members owning and blowing their shofars. This, in addition to a repentant heart is Our responsibility. Joel 2, tells us twice of “Blow the Shofar in Tsyion. In verse one and again in verse fifteen. Thus, let's stay the course family. Let's continue fasting, praying, honoring the Sabbaths, as well as the Feast days. We must continue increasing our knowledge of the Angels, the Elements/Eekodeshoi, the Elders and now the Heavens.

As we grow, implement the knowledge being dispersed amongst us, we will indeed receive good fortune, good vibes, wealth and abundance. We will be able to tap into the pathways

and tunnel to connect to our ancient wisdom, that will guide us through the divine and connect us with our spirit guides, creative energy, and healing; while at the same time; those that have caused us, our ancestors, the angels and even Our Father, The Creator, pain and heart ache... well they according to the Heavens and the Prophecies, they will receive their due karma, as judgment is truly here. Jacob will be returning to their rightful position as the Head, and Esua to his rightful position; the tail, as we continue to embrace and embody the Commandments of our Father, also known as "The Code".

I may follow up with a Part III on The Heavens Speak; Most High willing.

Stay Vibing High Zion!
