

Shalawam Yashr'el:

As we continue growing and learning about our ancestral heritage, we are learning that much of our hidden traditions have been demonized by Esau's regime. However, his authority is ending and ours/Jacobs is re-emerging (2nd Ezra 6: "Esau is the end of the world and Ya'aqov is the beginning that follows"), and we are learning that these practices were demonized because some of our power lies in the embracing of these customs.

If you have had the opportunity to read the story on Kyrie Irving or watch the film; "Hebrew to Negroes", you will see a list of tribal practices that align with the teachings of Brother Big Levi: divination, necromancy and the casting of lots and pouring of libations. With this understanding we are still at infancy stage and are now learning how to make Holy Water. I say this is infancy as this practice has been copied by the church.

My former pastor adopted this practice from her education/indoctrination in catholic schooling. During my tenure as a student at Loyola University, I had the opportunity to take a class abroad in Italy. As such, she requested that I bring her back holy water from the Vatican. Something about it didn't sit right with my spirit, and now I understand. It wasn't right as they once again stole our spiritual exercises, but ultimately end up perverting them, as they change the prayers and the ingredients to suit their agenda. Thus, if this exercise seems foreign to you, please pray and refrain until you feel led by The Holy Spirit/ Ruach Quedash, to participate. I do believe that you should know that the laying on of hands with holy oil and holy water has been implemented throughout the history of religion and spirituality.

With that being said, and you have your permission from The Father and The Mother, please have all of your ingredients set and ready.

**Salt** - Any salt will work. I believe BBL recommended Sea Salt

**Ashes** - we have been gathering ashes from our matches, sage, hyssop and ??

**Water**- any water will work, however, spring water or rain water would be best.

**Container** to mix ingredients into.

Please remember that all of our assignments are voluntary. We are in no way requiring that you participate in any of our homework assignments. Full Disclaimer: Remember that with anything, before beginning you MUST ask THE MOST HIGH for authorization.

As always, begin any exercises, by lighting your white candle, as we are children of the light. Then, open the four quarters of the universe requesting that your

guardian angel guide your as you request assistance from the angels in each quarter.

First salute the East/ Mezrach quarter because it is first, and it is where the Throne of TMH resides. Secondly, salute the South/Darom quarter because The Most High will descend there. Thirdly, the West/ Maareb quarter as it is the diminished, because all the luminaries descend in the West and, last but not least salute the North/Tazphon quarter as it is contains three parts; the dwelling of man, the waters, forests, abyss and garden of righteousness (Enoch 2: 82-87)

Family, please remember that it is preferred that you read the prayer in Latin. We are providing the English translation, (as best as we are able) so that you understand the prayer.
